1500 Series Drive Over Belt Conveyor

Built to complement the 1500 series Unitube Belt Conveyor, this drive over handles capacities up to 6,000 bph. The UniTube® belt conveyor moves more bushels per hour, retains its original capacity and provides gentler handling of your material for years of trouble-free use!

Model	UTDO15
Capacity	Up to 6,000 BPH *Capacity depends on material moisture and density
Tubing	10" diameter 14 gauge tubes
Belt	15" 2 ply chevron
Belt Speed	300-550 FPM
Drive	Electric, Hydraulic or Gas
Hopper	Drive over deck with 12' hopper area
Construction	Carbon Steel or Stainless Steel available for all models

2200 Series Drive Over Belt Conveyor

The Drive Over Belt conveyor handles capacities up to 10,000 bph. Easily drive right over the ramp with semi-tractor-trailer or grain cart. Drive over is hydraulically raised and lowered for transport, and has an 8' X 12' solid deck so you have no ramps to fold up. Available in Carbon or Stainless Steel, the heavy duty construction is sure to last season

Model	UTDO10
Capacity	10,000 BPH *Capacity depends on material moisture and density
Tubing	14" diameter 12 gauge tubes
Belt	22" 2 ply chevron
Belt Speed	300-550 FPM
Drive	Electric, Hydraulic or Gas
Hopper	Drive over deck with winch operated guides
Construction	Carbon Steel or Stainless Steel available for all models
